- To organize activities aimed at the economic empowerment of its members.

Association activities

"Youth Volunteers" are recognized as a one of the most active youth associations in Bosnia and Herzegovina. Our work we realize through different segments recognized on the levels of our country as a in the countries of European Union. Most important activities and programs on which we are working are:

- Soup Kitchen Visoko

Implementation of the project "Soup kitchen" Visoko, started at December 2014. Year. Goal of this project is to satisfy basic needs of social vulnerable citizens, needs for hot meal served every day. This project is the biggest project which is implemented from some non-governmental association in Visoko, as a Bosnia and Herzegovina. Daily in soup kitchen is provided food for 80 social vulnerable citizens. Project is financed from different donors.

- "Youth" Center

„YOUTH“Center is opened because of needs of space who can be perfect space for meetings and work of youth people. We, in Association "Youth Volunteers" believe that youth people are ready and that they want to work, but situation and environment where they live doesn't provide affirmation of youth potential. Because of that, "Youth" Center is the place where young people can spend their time, have a fun, work, learn and create new things and improve local community. Currently, through this Center, we realize few activities, free classes of English and German language, IT course, Training of life skills, and in the plan, we have, creating incubator for youth business. This center is the space of many other activities, educations and events.

- ERASMUS + Programme

This programme, is programme of European Union, and its implementation will be till 2020. year. Our association, "Youth Volunteers" is one of the rare non-governmental organizations in Bosnia and Herzegovina who are users of this kind of grant. ERASMUS+ provided partnership relation with other organizations from 25 countries from Balkan and EU, and on the year level, we send 250 participants on different seminars, trainings, educations and conferences. In frame of this programme Association "Youth Volunteers" have long-term and short- term voluntary experience in countries in EU for young people from Bosnia and Herzegovina. In our office, we raise number of volunteers who are coming from EU and Turkey, and who are staying and volunteering on few months in our Associations activities.

EVS

Our PIC number is: 948502279; Our EVS accreditation number is: 2016-1-SI02-KA110-013687

If you want to spend a few months in European countries, familiar charm and a patchwork of other cultures, improve your skills and embark on the adventure of volunteering, the Association "Youth Volunteers" offered you the solution that idea into reality.

The competence of the European Commission and its Directorate for Education and Culture, one of the programs offered by the European Voluntary Service (EVS), which allows young people to participate in international projects in some of the countries in Europe for a period of two months to one year.

- Charity activities

Our association, most of our actions devote in providing direct assistance for citizens who needs that, we organized many charity actions. For these activities, the biggest help we received from our volunteers, who were collecting gifts for children who are users of Center of Social Work. Also we shared wood for the elderly and infirm people, providing drugs for sick people, coordinating activities collecting food, clothes, and shoes for citizens who were affected by floods. We have to say, that this kind of activities are always priority in our work and our actions. We are recognized as a association, where daily are coming person who are searching some kind of help.

- Work with volunteers, members and citizens

These activities allow us that we can improve local community where we are living and working, with the goal for better future of Bosnia and Herzegovina. We are working on the organizing different street actions, speaking with citizens, politicians, doing questionnaires with citizens, and constantly we are doing researches on the current situation of society in different areas. For us, this activity is really important because it provides our way of informing and helps us to plan for future work and priority of future actions.

- Strengthen capacity of other NGOs

Members of Association "Youth Volunteers" considered that through strengthen and independence of non-governmental association we can have better and strong communities. NGO sector can be opportunity for many changes in society. Because of that, we established service that provide to all other NGO organizations that they can search help from us for training members, fundraising, project writing and other areas.
